

Laboratorio de Productos Eticos C.E.I.S.A.

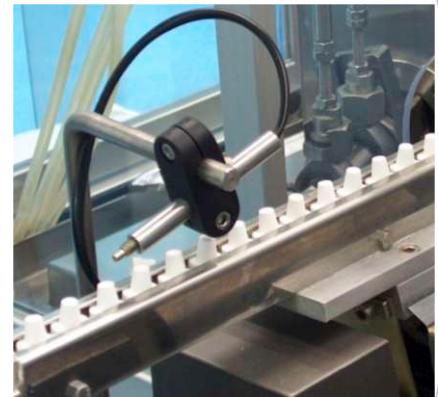

Exportable Offer

Since 1984, **Laboratorio de Productos Eticos C.E.I.S.A.** manufactures cutting-edge pharmaceutical products, incorporating scientific and technological innovations with the main purpose of meeting the needs of doctors and patients by offering medicines manufactured under the most rigorous international pharmaceutical norms.

"We work each day to contribute with the improvement of health care by offering people safe, efficient and trustworthy medicine"

NASAL SPRAYS

Alergiol® 0,6%
Olopatadine 6 mg
30 mL Nasal spray
300 Doses
Antihistamine

Rinarin®
Oxymetazoline 0,05%
12 mL Nasal spray
120 Doses
Descongestant

Alersona®
Mometasone Furoate 50 µg
10 mL Nasal spray
Anti-inflammatory
Antihistamine

Clorusol®
Sodium Chloride 3%
25 mL Nasal spray
250 Doses
Nasal Fluidizer

Flutisan®
Fluticasone
Propionate 0.5 mg/mL
Nasal Spray 12 mL
Treatment of Rhinitis

Flutisan® Plus
Fluticasone
Propionate 0.5 mg/mL
+ Azelastine HCl
Nasal Spray 12 mL
Treatment of Rhinitis

INJECTABLES

Milenos®
Ketoprofeno 100 mg
1 vial with lyophilisate +
5 mL solvent ampoule / Via I.V.
Anti-inflammatory - Analgesic

Eticina® 50
Tigecycline 50 mg
1 vial with lyophilisate / Via I.V.
Antibiotic

Etisona® 500
Methylprednisolone 500 mg
1 vial with lyophilisate
+ solvent ampoule / Via I.M. - I.V.
Immunosuppressant /
Anti-inflammatory steroid

Gastricet®
Omeprazole 40 mg
1 vial with lyophilisate +
10 mL solvent ampoule / Via I.V.
Anti-Ulcer

INJECTABLES

Hidrocortisona 500 mg Eticos®

1 vial with lyophilisate + 5 mL solvent ampoule

Via I.M. - I.V.

Anti-inflammatory steroid / Inmunosuppressant

Hidrocortisona 100 mg Eticos®

1 vial with lyophilisate + 2 mL solvent ampoule

Via I.M. - I.V.

Anti-inflammatory steroid / Inmunosuppressant

Peutic® 40

Esomeprazole 40 mg

1 vial with lyophilisate

+ 5 mL solvent ampoule / Via I.V.

Anti-Ulcerous

Etibac® 100

Colistin 100 mg

1 vial with lyophilisate +

2 mL solvent ampoule / Via I.M. - I.V.

Antibiotic

Vancomax® 500

Vancomycin 500 mg

1 vial with lyophilized powder +

10 mL solvent ampoule / Via I.V.

Antibiotic

Vancomax® 1 g

Vancomycin 1 g

1 vial with lyophilized / Via I.V.

Antibiotic

Algilem Relax®

Diclofenac + Pridinol

1 vial with lyophilisate +

3 mL solvent ampoule / Via I.M.

Analgesic - Anti-inflammatory - Muscle relaxant

POWDER FOR INHALATION

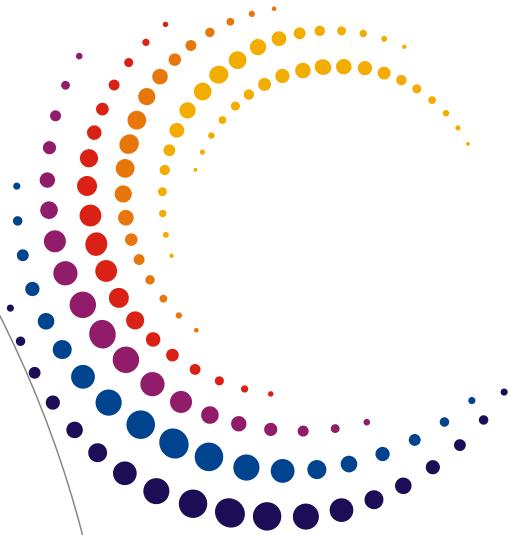

Neumotropio® 18

Tiotropium 18 mcg

Hard-capsules with powder for inhalation

Treatment of COPD (Chronic Obstructive Pulmonary Disease)

OFTALMICA

LINEA OFTALMICA was founded in 1986 as an answer to the ophthalmologists' needs of specific medication with high quality standards which were accessible for the patients. Since its beginning the Paraguayan medical corp was present in the planification of the products and in the pharmaceutical forms that would be part of this line.

Since it started, OFTALMICA has been the pioneer in the launching of several innovative ophthalmic products in Paraguay, becoming in the most complete and modern line in its specialty.

The current solid position, allowed OFTALMICA to project itself towards international levels, currently exporting to Chile, Uruguay and Bolivia.

Industrial Plant

The Industrial Plant where OFTALMICA manufactures its products, complies with the requirements of GMP (Good Manufacturing Practice), of the International Sanitary control organism, as the FDA (Foods and Drugs Administration) from USA and the EMEA (European Medicines Evaluation Agency), currently also counting with the INVIMA Colombia certification.

The water for injections (WFI), raw material of the ophthalmic products, is obtained through a complex purification system, ensuring the elimination of chemical and microbiological contaminants. The distribution is made through closed-pipe system and sanitary pumps, built with quality materials.

The equipment used is completely automatic, avoiding the possible contamination of the product by the operator, ensuring the microbiological quality of the final product.

Since our beginning we fulfill the objective of offering to the ophthalmologists and patients, safe, efficient and trustworthy medicine. Our commitment to excellence and quality, has consolidated LINEA OFTALMICA as the national leader in ophthalmic pharmaceuticals products.

ANTIALLERGICS AND DECONGESTANTS

Citol Aler®
Ketotifen 0,05%

Citol A+T®
Antazoline + Tetrahydrozoline

Megatears®
Naphazoline + Dextran 70
+ Premium Methoxel

Alergiol® Forte
Olopatadine 2 mg

Alergiol®
Olopatadine 1 mg

ANTIBIOTICS AND ASSOCIATIONS

Citol Ciprofloxacina®
Ciprofloxacin 0,3%

Citol Clor®
Chloranphenicol 5 mg

Citol Dexta + Tobra®
Dexamethasone + Tobramycin

Citol Gent®
Gentamicin 0,3%

**Citol®
Moxifloxacina**
Moxifloxacin 0,5%

Citol NPD®
Neomycin + Polymyxin +
Dexamethasone

ANTIBIOTICS AND ASSOCIATIONS

Citol TDT®
Tobramycin +
Dexamethasone +
Tetrahydrozoline

**Citol
Tobramicina®**
Tobramycin 0,3%

Gatilox®
Gatifloxacin 3 mg

ANTI-ASTHENOPIA

Citol Astenopia®
Pilocarpine HCl
+ Potassium iodide

ANTI-CATARACT

Citol Plusvita®
Sodium iodide +
Esculin +
Vitamin B1 +
Vitamin B2

ANTI-GLAUCOMATOUS

Brimotim®
Brimonidine 2 mg
+ Timolol 5 mg

Lanoprost® Plus
Latanoprost 0,05 mg
+ Timolol 5 mg

Lanoprost®
Latanoprost 50 µg/mL

Citol Brim®
Brimonidine 0,2%

Citol Dorzo®
Dorzolamide 2%

**Citol
Dorzotim®**
Dorzolamide
+Timolol

VITAMINS

Citol Vit®
Vitamine A +
Thiamine HCl +
Riboflavin +
Niacinamide

ANTI-INFLAMMATORY

Citol Dexa®
Dexamethasone 0,1%

**Citol
Fluorometolona®**
Fluorometholone 0,1%

Citol Fluorote®
Fluorometholone +
Tetrahydrozoline HCl

Algilem®
Bromfenac 0,09%
